

Scholarship Guidelines for UM's Outgoing Exchange Students

[For Undergraduate Programmes Only]

Scholarships mentioned in these guidelines are those scholarships offered by organizations or individuals, intended for full-time UM students and are selected mainly based on academic performance. Starting from 2010/2011 academic year, UM outgoing exchange students are eligible for scholarships provided they meet the requirements of the following guidelines.

The scholarship guidelines stated here are intended to apply to all undergraduate students who have joined the UM outgoing exchange programmes in 2019/2020. To be eligible for the scholarships, the student should:

1. fulfill the exchange study plan which they have agreed with the academic unit concerned before they go abroad; and
2. achieve an overall result of Grade B, 3.0 on the 4-point GPA scale, or 13 on the 20-point scale at the exchange university. If the exchange university does not adopt any of these grading systems, the academic unit concerned could decide whether the student achieves such requirement based on the grading system adopted by the exchange university; and
3. submit academic records of exchange university to their own faculties in UM by **26th June 2020**.

If the above 3 requirements are fulfilled, the scholarship assessment would be based on the student's academic result achieved at UM accordingly.

- For students joining the one-year exchange programme, scholarship assessment would be based on their yearly GPA achieved at UM in the previous academic year.
- For students joining the one-semester exchange programme, scholarship assessment would be based on their GPA achieved in the semester at UM in the exchange academic year.
