講者簡介 Speaker Profile

張亞勤博士，2014年9月-2019年10月任百度公司總裁。之前在微軟公司的近16年生涯中，他曾擔任微軟公司全球資深副總裁，微軟亞太研發集團主席，微軟亞洲研究院院長，微軟中國董事長，和移動和嵌入式部門副總裁。

張亞勤博士是美國國家藝術和科學院院士，澳洲國家工程院外籍院士，和美國電氣電子工程協會會士（IEEE Fellow）。他擁有60多項美國專利，560多篇學術論文和11本專著。他曾擔任五個國家的政府顧問和全球12所大學的校董或名譽教授，美國“百人會”會員，澳大利亞信國家資訊與通信中心顧問，和悉尼大學名譽教授。他也是聯合國發展總署企業理事，和達沃斯世界經濟論壇“未來交通”指導委員會委員。

Dr. Ya-Qin Zhang served as the President of Baidu Inc. for 5 years (2014.09-2019.10), responsible for autonomous driving, cloud computing, AI, and international business. Prior to joining Baidu in 2014, Zhang was a senior Microsoft executive in Redmond and Beijing for 16 years, including the managing director of Microsoft Research Asia, Chairman of Microsoft China, Corporate Vice President of Mobile and Embedded, and Chairman of Asia-Pacific R&D.

Zhang was elected to be the member of the American Academy of Arts and Sciences for his seminal contributions to and leadership in digital technology. He is also a Fellow of Australia National Academy of Engineering, and IEEE. He is an author of over 500 publications, 62 US patents, and 12 books. He served on the Board of Directors of five public companies, and holds guest professorship in 8 universities. He is the Chairman of world's largest open autonomous driving platform “Apollo” alliance with over 130 global partners. He has been a leading champion of innovation and globalization, and a frequent feature speaker in global forums including APEC, Davos World Economic Forum, United Nations, and Bo' Ao Asia Forum.
