

THE UNIVERSITY OF HONG KONG

VIRTUAL WORLDS REAL BODIES

ONLINE SUMMER COURSE 2020

20/7 — 7/8

DESCRIPTION

Virtual Worlds, Real Bodies, explores exactly the possibilities of creating realities of online world and communities. Using the platform of Zoom and Mixer, HKU and overseas students will attend online lectures and tutorials to discuss ideas, share concepts, and create projects of cultural and technological exchanges together. The class will facilitate the creation of cultural knowledge by virtual world simulations using available VR technology that will be exciting and fun for students even they do not have a chance to visit the real locations.
